

Mobile Crane Hire, Operators & Riggers

Your trusted specialists for crane hire, rigging and mobile crane operator services in the WA Goldfields.

AVAILABLE 24/7

Raising The Industry Standard

TK Cranes is a family-owned business providing expert crane hire, crane operator labour hire and rigging services across the WA Goldfields. Based in Kalgoorlie-Boulder, we are a trusted partner for the mining and construction industries, delivering safe, efficient and cost-effective lifting solutions with no hidden costs or shortcuts.

With over 20 years of industry experience, founder Travis White established TK Cranes with a clear mission: to raise the industry standard. His extensive background in crane design, installation, maintenance and inspections ensures our team is highly trained, our fleet is well-maintained, and every job is set up for success.

We've worked on complex mining and construction projects for Tier 1 companies across the Pilbara and Goldfields, earning a reputation for precision, safety and reliability. Whether you need wet hire for Liebherr cranes, skilled operators or rigging support, TK Cranes is here to help with 24/7 availability, rapid response times and flexible hire options.

At TK Cranes, we do things properly. That means no shortcuts, no over quoting and no surprises - just reliable service, done right.

Our Services

LIEBHERR CRANE HIRE – UP TO 150T

We provide wet hire for Liebherr mobile cranes up to 150 tonnes, tailored for heavy-duty lifting in mining, construction and infrastructure projects.

Our fleet is well-maintained, fully insured, and operated by experienced, certified professionals to ensure safe and precise operation.

Key features:

- Heavy lifting capability of up to 150 tonnes
- Fully maintained mobile cranes
- Compliance with safety and maintenance standards
- Certified and experienced operators
- Insurance
- Flexible hire options for short-term or long-term projects

CRANE RIGGER LABOUR HIRE

We provide the ultimate labour hire flexibility. Our certified and experienced riggers ensure safe and efficient lifting operations.

Whether for shutdowns, equipment assembly or ongoing maintenance, we provide qualified personnel at short notice, reducing downtime and ensuring compliance with industry standards.

Key Features:

- Fully qualified riggers with high-risk certifications
- Quick deployment at short notice - 24/7 availability to meet project and shutdown deadlines
- Compliance with site-specific safety regulations
- Insurance for hassle-free labour hire
- Flexible hiring options for short or long-term projects

CRANE OPERATOR LABOUR HIRE

We supply highly skilled and experienced crane operators for short-term or long-term projects.

Our qualified and verified operators are available on demand, ensuring your project is on schedule.

Key Features:

- Qualified and experienced crane operators
- Compliance with site-specific safety regulations
- Quick deployment at short notice - 24/7 availability to meet project and shutdown deadlines
- Insurance for hassle-free labour hire
- Flexible hiring options - short jobs to long-term projects

- Construction
- Infrastructure
- Industrial Projects

What Our Clients Say

“ Highly recommend Travis from TK Cranes; his support on short and or planned shutdowns is something I have never witnessed beforehand. No job is too big or too small. Travis always makes something work, putting my requirements first, which is critical in mining operations. Travis’s organisation, along with safety, is always important to him and myself.

Hamish Wimshurst
Manager

NORSEMAN GOLD OPERATIONS, PANTORO

“ Travis and TK Cranes provide exceptional shutdown crane and breakdown support with professionalism, reliability, and a strong commitment to safety. Their well-maintained equipment and skilled operators ensure efficient and safe lifting operations. A trusted partner for any lifting needs.

Thomas Edgson
Director/Principal Consultant
